Who are we?

The Great Start Cass Parent Coalition is a group of parents dedicated to working with the community to make Cass County a great place for all children to learn and grow.

What do we do?

1. **Make connections** | we gather monthly with other families to promote projects and services that benefit children in Cass County
2. **Use our voices** | we share our perspective as people who care about the future of the community for our children
3. **Learn** | we take time to learn from local professionals who provide information, support and resources to parents raising young children
4. **Help others** | we pitch in and work to promote fun events that connect us for the good of all

Why is it important?

When family members are involved in the local community, we see the very best systems rise up that grow up great children.
